PRO SERIES

FR1500-ID

Slave Fingerprint reader

FR1500-ID is a stylish single-gang flush-mounted slave fingerprint reader for inBio and inBio Pro panels, only.

FR1500-ID features

Sleek Stylish Form Factor:
Flush-mounted stainless steel enclosure with slim and attractive design is ideal for both indoor & outdoor installations where aesthetics are very important.
Easy Operation:
Once a user places their finger on the FR1500-ID their fingerprint is subsequently matched by the InBio (or InBioPro) panel. FR1500-ID also provides Visual indication for acceptance/rejection of the fingeprint (and/or prox card) of the users.
Communication:
FR1500-ID connects only via RS485 to InBio & InBioPro panels. FR1500-ID does not support Wiegand.

Standard Reader:
- SilkID fingerprint sensor
- Built-in ZKAccess prox card reader
- Options for HID and Mifare card readers
